## OUR STORY

Corsham Gymnastics Academy is a non-profit organisation based on Upper Potley Lane in Corsham, Wiltshire.

On our site, we have a large cafe serving hot and cold food and drink, free parking and an outdoor play area with a garden alongside our gymnasium.

We welcome everyone to use our wonderful facilities.

Our cafe also provides catering for parties, meetings and events in and out of house. If you would like to enquire about our catering services please email us, we look forward to hearing from you.

All profits from our cafe go directly into running the facility so it is quite simple, the more sandwiches we sell the better our facility gets to help provide a fantastic service to Corsham and the surrounding areas.

Thank you for your support!
